Emergency Equipment Storage Cabinet 2 Door Manual with Windows

Product Introduction:

Sysbel Emergency Equipment Storage Cabinet, meticulously designed to safeguard and organize essential items for emergency response scenarios. Crafted from robust materials, this cabinet ensures durability and longevity in demanding environments. Features include adjustable shelving for customized storage, a secure locking mechanism for controlled access.

Features:

- **18 Gal High-Quality Galvanized Steel:** Constructed from high-quality galvanized steel for durability and strength.
- **Storage Area for Overalls, Chemical-Proof Suits:** Provides dedicated storage space for overalls and chemical-proof suits, fire suits.
- **Lead-Free Epoxy Paint:** Surface coated with lead-free epoxy paint, ensuring brightness, corrosion resistance, and moisture resistance.
- **Single-Layer Steel Structure:** Features a sturdy single-layer steel structure for robustness.
- **Heaven and Earth Lock Design:** Designed with a heaven and earth lock for enhanced security and durability.
- **45 Gal Capacity:** Offers a generous storage capacity of 45 gallons.
- **Visual Window Made of PMMA:** Equipped with a PMMA visual window that is safe, transparent, and allows easy monitoring of contents.

Benefits:

- **Organized Storage:** Facilitates systematic organization of emergency equipment, ensuring quick and efficient access during critical situations.
- **Durability and Security:** Constructed from sturdy materials with a secure locking mechanism, ensuring equipment is protected against unauthorized access and damage.
- **Visibility and Accessibility:** Equipped with features like visual indicators or labels for easy identification of contents, promoting quick retrieval and inventory management.
- **Peace of Mind:** Provides peace of mind knowing that emergency equipment is well-maintained, easily accessible, and prepared for immediate deployment in critical situations.
- **Cost Efficiency:** By ensuring equipment is well-organized and protected, the cabinet helps reduce the risk of damage or loss, potentially saving costs associated with emergency response readiness.

Product Specifications:

Model :	WA920450 (Windows)
Construction :	18 Ga Steel Plates
Type :	PPE Storage Cabinet
Volume :	45 Gal / 170 Ltr
Door Type:	Manual & Double Door
Colour :	Grey
Adjustable Shelves :	3pcs
External Dimension (CM) :	H 180 x W 90 x D 45
Gross Weight :	71 Kgs

Application:

- Ideal for emergency facilities, fire stations, and industrial facilities, it provides quick access to vital equipment during crises, enhancing readiness and response efficiency. This cabinet is a reliable solution for maintaining readiness and safety in critical situations.
