TRIVAGO

Full Body Harness

MULTIPURPOSE RESCUE HARNESS

STANDARD: CERTIFIED AS PER IS 3521(PART 1):2021; EN 361:2002, EN 358:2018, EN 1497:2007

EN 813:2008  

Product Introduction:

- A Full Body Harness is a premium safety gear engineered to deliver unmatched protection at height. Designed for superior comfort and performance, it evenly distributes fall arrest forces across the body and offers secure attachment points for lanyards, lifelines, and other fall protection equipment—ensuring workers stay safe, confident, and productive in challenging environments.

Features:

- **360° Support:** Distributes impact forces evenly to minimize injury in the event of a fall
- **Quick connect buckles:** Quick-connect buckles at waist and thigh for fast and secure donning
- **Multiple Attachment Points:** Includes dorsal, sternal, ventral and lateral D-rings for versatile use in fall arrest, work positioning, rope access and rescue operation.
- **Adjustable Fit:** Equipped with adjustable user-friendly buckles and straps at the shoulders, waist and thigh for comfort and maximum adjustability.
- **Padding:** Breathable padding for maximum comfort for long duration suspended job.
- **Durable Construction:** Made from high-strength webbing and corrosion-resistant edge free hardware for reliability in harsh environments.
- **Lanyard parking:** Lanyard parking on chest for safe and secure storage when not in use.
- **Compliance:** Meets relevant safety standards.

★ USP:

- ✓ Rescue harness
- ✓ Fully adjustable padded harness
- ✓ Lightweight CED coated aluminium component
- ✓ Quick connect buckle
- ✓ Large 'D' rings accommodate multiple connection during rescue

Product Specifications:

Model	: Trivago
Webbing Material	: Dope dyed synthetic Polyester
Webbing Width	: 44 +/-1 mm
Webbing Breaking Strength	: 25 kN (Minimum)
Safe Working Load Capacity	: 140 kg
Stitching Thread Material	: High tenacity virgin multifilament polyester
Stitch Thread Colour	: White
Metal Components	: High strength aluminum component, lightweight, free from any sharp edges.
Harness Colour	: Black and white
Weight	: 2.3 kg Approx. (Only Harness)

TRIVAGO Full Body Padded Harness

Applications:

- **Fall Arrest Systems:** Protects workers from falls during elevated work.
- **Work Positioning:** Allows secure hands-free operation at height.
- **Confined Space Entry:** Ensures safe access and retrieval in tight environments.
- **Rope Access Operations:** Ideal for industrial rope access, cleaning, and maintenance.
- **Telecom tower Climbing:** Enables safe climbing for utility and energy sectors.
- **Industrial Maintenance:** For tasks requiring safe, prolonged suspension.
- **Rescue & Evacuation:** Essential for retrieval and emergency scenarios.

Industries:

The harness is essential for creating a temporary anchorage point for maintaining a safe and efficient working environment in any manufacturing, construction, utility related industries are as follows.

Safety Information:

- Full body harness should be use with appropriate fall arrest device with energy absorption facility.
- Users of fall-protection equipment should not exceed 100 kg of total mass (including tools and equipment).

Usage Instruction:

Inspect before use

- Ensure all buckles, straps, and D-rings are securely fastened.
- Follow manufacturer instructions for donning, adjustment, and maintenance.
- Replace harness immediately if it has been involved in a fall or shows signs of wear.
- Only trained and authorized personnel should use fall protection harnesses.
- Never modify the harness in any way

Storage:

- Always store the harness in a dry, well-ventilated area. Avoid keeping it in direct sunlight, high heat, or extreme temperatures, as this can weaken materials or cause fading. For added protection, store and transport the harness in its original packaging to prevent from contamination or damage.
