

TECHNICAL DATA SHEET

NNC FGB

Cut Level A Gloves

Product Introduction:

- Lightweight NNC FGB glove is designed for everyday handling tasks, offering reliable grip, durability, and comfort. It offers a snug fit, breathability, and ease of movement, making it suitable for a wide range of industrial tasks across multiple sectors.
- Tested as per EN 388:2016, ensuring the glove provides reliable protection against wear, cuts, tears, and punctures, giving users confidence and safety during industrial tasks.

Features:

- **15G Polyester Liner:** Fine-gauge, lightweight knit provides dimensional stability, breathability, and low hand fatigue for extended wear.
- **Glossy Nitrile Palm Coating:** Smooth coating enhances grip on dry and slightly oily surfaces, improves abrasion resistance, and maintains tactile sensitivity.
- **Ergonomic Fit:** Knitted liner with stretch ensures a secure fit and precise hand movements.
- **Mechanical Protection:** Offers basic resistance to abrasion, minor cuts, and wear, suitable for general-purpose industrial tasks.
- **Lightweight & Flexible:** Enables efficient handling and dexterity without compromising protection.

Performance – EN 388:2016

Test	Performance Level
Abrasion Resistance Cut	4
Resistance (Coup Test)	X
Tear Resistance	2
Puncture Resistance	1
Cut Resistance (ISO 13997)	A

Safety Information:

- **Inspect Before Use:** Check for any tears, holes, or damage before wearing.
- **Proper Fit:** Ensure the glove fits snugly without restricting movement.
- **Avoid Misuse:** Not recommended for high-heat or chemical exposure applications.

Usage Instruction:

- Choose the correct glove size for optimal protection and comfort.
- Insert hand fully and adjust fingers to align properly.
- Inspect gloves after each use to maintain protective integrity.

Packaging:

360 pairs per box
