ARM SLEEVE 5 – One Side Rib with Velcro

Product Introduction:

- The ARM SLEEVE 5 is designed for forearm protection in applications where high cut resistance and comfort are essential. It features a 13-gauge HPPE-based composite yarn with a ribbed edge on one side and Velcro fastening for a snug fit. The sleeve is compliant with EN 388:2016+A1:2018 – 4343C, ensuring dependable protection in metal handling, fabrication, and assembly operations

Key Features:

- High Cut-Resistant Liner:** Made from 13G HPPE composite yarn for excellent cut protection. Enhances sleeve stability and full forearm coverage.
- Velcro Closure with Rib Finish:** Ensures a secure, adjustable, and comfortable fit.
- Flexible & Breathable:** Suitable for prolonged use in industrial environments.

Performance – EN 388:2016

EN 388:2016+A1:2018

Test	Performance Level
Abrasion Resistance	4
Cut Resistance (Coup Test)	3
Tear Resistance	4
Puncture Resistance	3
Cut Resistance (ISO 13997)	C

Standard: 4343C

Length: 18 Inches (Standard); Custom lengths available on request
 Size: Universal Fit
 Color: Salt & Pepper (Grey speckled)
 Packing: 1 Pair/Polybag, 120 Pairs/Carton

Industry :

These Gloves are utilized for their protective and practical features in various industries such as

Automotive
Manufacturing

Glass Handling

Sharp Edges

Tools Assembly &
General Fabrication

Udyogi

Usage Instructions:

- Ensure a proper, snug fit before use
- Wear with thumb inserted through thumbhole
- Inspect before and after each use for damage.
- Not intended for high-heat or chemical immersion use.

Storage Instructions:

- Store in a cool, dry place below 40°C
- Keep away from direct sunlight and chemicals.
- Shelf life: 3 years from date of manufacture under proper storage conditions.
